

The background of the poster features a festive holiday theme. At the top, a string of colorful Christmas lights (yellow, red, blue, green, and purple) is strung across the frame. Below the lights, two green Christmas trees are positioned on either side of a central black rectangular box. The trees are decorated with various colored ornaments (yellow, red, blue, green, purple, and white) and topped with yellow stars. The background is filled with radiating blue and white lines, creating a sunburst effect. The central black box contains the text for the toy drive.
