

MISSION STATEMENT & STUDENT LEARNING OUTCOMES for Warehousing and Distribution

Review Year:

2024

Division: Technical Education	Discipline/Program/Department: Warehousing and Distribution	Contact Person(s): Sparks, Bradley
---	---	---

Mission Statement

The Warehousing Program embraces the college mission statement as it offers lifelong learning opportunities to students who are seeking, or in the process of developing careers as manufacturing technicians. This program will work through its advisory committee to identify and establish program goals that will meet or exceed those required by industry. Students will be provided access to “state of the art” labs for “hands on” experience that will support a world class-manufacturing base within the local and surrounding communities.

Program/Discipline Curriculum Map

- I = Introduce:** Student is first exposed to the concept/idea and is requested to apply the concept in a limited scope.
- E = Emphasize:** Student applies concept(s) in varying/multiple situations of greater complexity than when initially introduced.
- R = Reinforce:** Student may be expected to understand the concept upon taking the course and utilizes the concept in conjunction with other concepts/ideas to solve problems.

Program/Discipline Outcomes	Course Prefix and Number					
Graduates of this program/discipline shall be able to:	WRH 120	WRH 121	WRH 122	WRH 123	WRH 124	
Demonstrate use of common manufacturing terminology.	I	R	R	R	R	
Demonstrate competency in using measuring tools commonly found in the field.			I		R	
Read and interpret drawings as they relate to the field.			I	R	R	
Demonstrate the ability to collaboratively work with others to solve problems		I	R	R		
Use oral and written communication to interpret drawings as they relate to manufacturing.			I	R	R	
Maintain a safe working environment/conditions and respond as needed in a medical emergency.	I	R	R	R	R
