Academic Information

Academic Standards:

A minimum of a 2.0 cumulative grade point average is required for an associate degree or certificate from SWIC. Grades are issued at the close of each semester on a letter basis indicating the quality of academic work and student achievement. Grade points are assigned to each credit earned in 100-200 level classes according to the grade received as follows

Grade		Grade points per credit
A	Superior	4
B	Good	3
C	Average	2
D	Poor	1
F	Failing	0
I*	Incomplete	0
W	Withdrawn	0
WF	Withdrawn failing	0
P	Passed	0
AU	Audit	0
CR	Credit Awarded	0
PC	Proficiency Credit	0
SC	Service Credit	0
PR**	Progress-Re-enroll	0

To calculate your cumulative grade point average, multiply the credits earned in each 100-200 level class by the grade points per credit, and then total the grade points. Divide the total number of grade points by the total number of credits earned in each 100-200 level class, excluding those classes in which you received an I, W, P, CR, SC, PC or AU grade. Note that courses numbered below 100 are not considered when calculating your SWIC cumulative grade point average regardless of the grade received.

Class Withdrawals:

Variable class withdrawal deadlines apply to all classes. Students should refer to eSTORM for individual course withdrawal deadlines.

**A grade of "I" will automatically roll to an "F" if remaining coursework is not submitted within the time frame set by your instructor. Once the "I" grade is changed (not later than 100 days after being issued), the assigned grade will be calculated into the cumulative grade point average.*

*** The PR grade is only an option for ENG 94 Reading Comprehension, ENG 97 Critical Reading Other courses are not eligible for this grade type.*

Academic Honors:

Academic honors are awarded to full- and part-time students at the end of the spring and fall semesters. They are not awarded during the summer session. Full-time students who complete at least 12 or more college-level credits in the current semester and who earn grade point averages of 3.5 or higher will have their name appear on the **Dean's List** for that semester. Part-time students who complete six or more college-level semester credits in the current semester and who earn grade point averages of 3.5 or higher will be named to the **Dean's List** for that semester.

Commencement Honors:

At the annual graduation ceremony held each spring, students who have achieved a cumulative grade point average of 3.5 or higher will be eligible to wear a blue tassel, which represents the achievement of honors, rather than a black tassel. The grade point average that determines this achievement is the cumulative average through the fall term. Spring grades do not affect commencement honor status.

Academic Standing:

Academic Standing is based upon the student's cumulative SWIC grade point average at the conclusion of each semester. Students are placed on Academic Warning after failure to achieve a 2.0 cumulative grade point average. Students on Academic Warning status are encouraged to meet with an academic advisor to receive information about college resources and for individual intervention to develop strategies for academic success.

Suspension/Dismissal:

The college has the right to request at any time the withdrawal of students who do not maintain the required academic standards or whose conduct discredits the college.

Student Email:

Information sent through student email is considered official college correspondence to the student from the institution. Students should check their SWIC email daily to make sure they are receiving the most up-to-date information from their instructors college administration.

Attendance:

Students are expected to be present for all scheduled class meetings and will be held responsible for any work missed as a result of absences or tardiness. For a 16-week course scheduled in the fall or spring semester, absences for more hours than the class meets per week may result in the student being dropped from class. When courses are offered in a more condensed format a student may be dropped by the instructor after missing more hours of class than the class would meet in one week if it was scheduled over 16 weeks. Any student dropped with an effective date prior to the withdrawal deadline date of the class will receive a W.

Absences because of approved college purposes or pre-approved religious observances will result in no direct absence penalties. Students will be allowed to make up work missed as a result of approved absences or do alternate assignments.

Absences due to other circumstances such as military deployment, volunteer emergency service in accordance with Illinois law, or documented disability-related needs should be discussed with the instructor and appropriate dean to determine whether exceptions to the attendance policy should be made or tuition refunds considered.

Academic Programs:

A SWIC transfer degree is the first two years of study toward a bachelor's degree. It is designed to transfer to a four-year institution. SWIC has agreements with many public and private universities and colleges to ensure that your coursework, approved by an academic advisor for a specific program, will transfer. For more information, consult the Illinois Articulation Initiative at <http://iTransfer.org>.

TRANSFERABLE DEGREES:**Associate in Arts:**

The basis for a bachelor's degree in one of the arts, humanities, social or behavioral sciences, or other specified professions.

Associate in Fine Arts:

The basis for a bachelor's degree in art, music performance or music education.

Associate in Science:

The basis for a bachelor's degree in fields such as business, mathematics, biological and physical sciences.

Associate in Engineering Science:

The AES degree is for students who are majoring in Engineering and plan to transfer to a four-year college or university to pursue a bachelor's degree.

CAREER/TECHNICAL PROGRAMS:

Prepare students to enter the workforce immediately after graduation. Associate in Applied Science degrees or certificates can be earned in these programs.

Associate in Applied Science:

Prepare individuals for employment in a specific field or can serve as a basis for some bachelor's degree programs.

Associate in General Studies:

The AGS degree is for students who require a broad array of courses to meet their educational and professional goals. Students who have earned an associate degree or are eligible for an associate degree other than the AGS will not be considered for this degree. This degree is not designed to transfer.

Certificates:

Academic programs, ranging from two to 50 semester credits, that provide an opportunity for students to upgrade or acquire skills for employment or personal interest. Some certificates serve as stepping stones toward Associate in Applied Science degrees.

Enrollment Information

Auditing Courses:

Auditing a course means you attend the class but do not receive credit for attendance or work performed. The instructor may or may not allow you to participate in class assignments, testing, classroom discussion and/or other course activities the instructor deems appropriate. Students auditing courses should discuss their audit status with the instructor.

SWIC courses fall into three categories – those which may not be audited (see listing), those which may be audited with the approval of the department (see listing) and those which require no approval to audit (any credit class NOT listed may be audited without departmental approval).

Enrolling for Audit Status:

Students wanting to audit a course must wait until after the class has begun to register. Audit registration must be completed in person at one of the three campuses or at Scott Air Force Base, as an Audit Request form must be completed by the student.

If the student wishes to register for an Audit By Permission Course, s(he) should visit the appropriate department and request approval of the department chair or program coordinator and the dean using the Restricted Audit Approval Form which is available in that department.

There is no difference in tuition or fees when auditing a class. Once a student is registered, changing from audit to credit status and vice versa is not permitted. Closed class cards will not be issued to audit status students. Audit classes are not considered for financial aid eligibility.

Please remember that audited classes cannot be used at a later date for college credit or to fulfill admission or graduation requirements.

Cost of Attendance:

SWIC students pay LESS THAN HALF the national-average tuition of state universities. There are payment plans, scholarships, loans, grants and student employment to help you fund your education.

Below is a breakdown of the average cost for attending two semesters (one year) at SWIC for a full-time dependent student enrolled in 15 semester credits each semester:

Tuition and Fees = \$3,960*

Books and Supplies = \$2,400

Transportation = \$3,002

Personal Expenses = \$3,198

Dependent living expenses (at home) = \$2,616

or Independent living expenses (in an apartment) = \$11,910

** Based on in-district tuition rate of \$118 per credit hour and \$9 per credit hour mandatory fee for activities and technology*

For financial aid and scholarship information, visit swic.edu/financial-aid.

Course Load:

A student who is registered for 12 or more semester credits during the fall and spring semesters or six or more semester credits during the summer is considered a full-time student.

For students receiving financial aid, awarding is based on a percentage of full time.

The institution reports enrollment to the National Student Clearinghouse which lenders may access to verify enrollment information.

Registration for more than 18 semester credits during fall and spring semesters and nine semester credits during the summer term must be approved by an academic advisor. Students with a grade point average of 3.0 (B) or better generally are considered for such approval.

The Veterans Administration and some other funding agencies designate minimum course loads for qualification purposes. Your ability and how many hours you work should be taken into account when you determine your course load.

[Dropping or Withdrawing from Courses swic.edu/course-information](http://swic.edu/course-information)

If a student wishes to withdraw from a class, the student must submit a Drop/Add Section Change Form to the Enrollment Services office in person or complete the process online at estorm.swic.edu. Students should not assume they are withdrawn from a class in good standing if they do not attend the class. Drop/Add Section Change Forms are available in the Belleville Campus Enrollment Services office, the Sam Wolf Granite City campus offices, or online via EStorm. Students who submit withdrawal notification by mail will be withdrawn from class as of the postmark date on their notification. Withdrawals will not be accepted by telephone.

Deadlines for withdrawal are based on the meeting patterns of the class. Withdrawal deadline for classes scheduled to meet seven days or longer reflect 67% percent of the scheduled meeting patterns. Withdrawal deadlines for classes scheduled to meet one to six days are one day prior to the first meeting date. Students should refer to their EStorm schedule for specific withdrawal dates.

Any student who withdraws or is withdrawn by an instructor with an effective date prior to the withdrawal deadline date will receive a W. With administrative approval, the instructor may assign a W or a WF grade after the withdrawal deadline for extenuating circumstances only.

Refund Policy:

To be eligible for a refund of tuition and class fees, you may drop classes online at estorm.swic.edu or submit a written request to Enrollment Services within the refund period specified in that semester's schedule. No drops will be accepted over the telephone. "Refund" is strictly applicable only if all charges for which the student is liable have already been paid. Otherwise, any refund due will take the form of a corresponding reduction in the total liability on the student's account.

To receive a 100 percent refund of your tuition and class fees:

To receive a 100 percent refund of tuition and fees, students must drop their class online or submit their withdrawal via a signed Drop/Add/Section Change Form to the Enrollment Services office prior to the official start date of the class. Official dates will be

published online or in term class schedules.

Official dates are published in each semester's "Schedule of Classes" under "100% Deadline" in the "Course Listings." Specific dates can be found on eSTORM. Select Student Center, My Class Schedule and click the Deadline icon.

To receive a 90 percent refund of your tuition and class fees:

For classes three weeks or more in length: After the specified 100 percent refund date, students who are enrolled in classes that are in session for three weeks or more are eligible to receive a 90 percent refund of tuition and 100 percent refund of fees if dropped online or withdrawal is submitted to the Enrollment Services office via a signed Drop/Add/Section Change Form within eight calendar days following the official start date for each class. The day after the class start-date is counted as day one.

For classes between one and two weeks in length: Students who are enrolled in classes that are in session between one week and two weeks are eligible to receive a 90 percent refund of tuition and 100 percent refund of fees if dropped online or withdrawal is submitted via a signed Drop/Add/Section Change Form to the Enrollment Services Office within one calendar day following the official start date for each class.

For classes less than seven calendar days in length: Students who are enrolled in classes that are in session less than seven calendar days will not be eligible to receive a 90 percent refund of tuition and 100 percent refund of fees.

Official dates are published in each semester's "Schedule of Classes" under "90% Deadline" in the "Course Listings." Specific dates can be found on eSTORM. Select Student Center, My Class Schedule and click on the Deadline icon. No refund of tuition and/or fees will be issued for a class dropped after the 90 percent date.

All refunds will be issued directly to the student Please allow 30 days for processing. "Refund" is strictly applicable only if all charges for which the student is liable have already been paid. Otherwise, any refund due will take the form of a corresponding reduction in the total liability on the student's account.

The refund policy is subject to change without notice.

Appeals concerning refunds may be made to the Student Accounts using the Hardship Appeal form.

Matters not covered by the Petition for Refund process will be handled by the chief financial officer or designee.

Financial Aid Refund Policy:

The Return of Funds policy for financial aid recipients differs from the SWIC normal refund policy.

SWIC students who are receiving Title IV financial aid (Federal Pell Grant, FSEOG, Direct Loans), and who withdraw completely on or before the 60 percent point in time of the enrollment period for which they were charged, will be subject to the Return of Funds policy. For further information, specifics regarding the Return of Funds policy and/or examples, contact the Financial Aid, Veteran Services and Student Employment Office, ext. 5288.

Repeating Courses:

Some courses may be repeated in an attempt to improve a grade. When a course is repeated, only the most recent attempt is counted toward program requirements at SWIC. However, all attempts will remain part of your permanent academic record at SWIC. It is important to note that each school has its own policy on the way that repeated courses are calculated into a grade point average.

Check with transfer institutions prior to admission in order to determine calculation rules.

It is important to note that some classes have been identified by SWIC and approved by the Illinois Community College Board as "repeatable" classes. In this case, the class would be factored into a student's grade point average each time it is repeated up to the allowable limit. As stated in the previous paragraph, it is important to check with transfer institutions prior to admission in order to determine calculation rules.

Repeating a course could affect your financial aid eligibility. Contact the Financial Aid office for details.

Student ID Numbers:

To help protect you from theft, the college identifies students by student ID number rather than Social Security number. Your student ID number will be generated upon completion of your New Student

Information Form. You will receive an email confirmation with this number. For new students, you need to provide your Social Security number when you apply at SWIC, then receive a student ID number. For returning students, you can request your student ID number at the eSTORM login page or by accessing the student ID number request form at estorm.swic.edu. You need a student ID number to access your student email and your eSTORM online student records account.

Vaccination Policy:

SWIC does not require vaccinations for open enrollment programs; however, SWIC requires students in some Health Sciences programs to provide proof of immunizations per the regulations of the clinical facilities in which students are placed for the clinical education component of their program of study. Students are made aware of these immunization requirements through the SWIC catalog, brochures, website, program student handbooks, and program orientation meetings. Students accepted into these specialized programs will be required to show proof of immunizations before beginning any clinical experience courses. In addition, SWIC will comply with guidance provided by the Illinois Department of Public Health, Center for Disease Control and Prevention (CDC), the State of Illinois Governor's Office, and all the executive orders.

Student Records

Student Classification:

A student who has earned 29 semester credits or fewer is a freshman. A student who has earned 30 or more semester credits is a sophomore. A student who is registered for 12 or more semester credits is a full-time student. A student registered for less than 12 semester credits is a part-time student. For financial aid purposes, 12 semester credits is considered full time during the summer term.

Veterans Affairs and some other funding agencies designate minimum course loads for qualification purposes.

Your ability and how many hours you work should be taken into account when you determine your course load.

Grade Reports:

Students may access semester grades online through estorm.swic.edu. Semester payments, including fines and assessments, must be paid before grades can be viewed.

Course Numbering System:

Courses numbered 100 to 199 are first-year or freshman-level courses. Courses numbered 200-299 are second-year or sophomore-level courses. Courses numbered below 100 are developmental, general studies or refresher courses and do not count toward graduation requirements. Credit may not be earned beyond the number of hours indicated.

Proficiency Examinations:

Proficiency examinations may be taken in some courses or programs upon petition by the student. These examinations may be taken only with the approval of the instructor/coordinator, dean and chief academic officer. They are available to those students who, in the judgment of the responsible college officials, possess the requisite background knowledge as a result of previous coursework, experience, or a combination of coursework and experience.

Students authorized to take proficiency examinations will be required to pay a nonrefundable 50 percent tuition charge. If the student is successful, the 50 percent tuition charge will apply to the total tuition for the course. This fee is payable at the time students submit their applications.

Students who successfully complete proficiency examinations will have the credit recorded on their college transcripts with the designation "PC" (proficiency credit). No letter grade will be recorded and the credits will not be included when computing grade point averages. They may be applied toward graduation requirements. A **student can earn a maximum of 16 semester credits through proficiency examinations.**

Information about specific proficiency examinations is available from the dean of the division to which the academic program is assigned.

Proficiency examinations are given in accordance with the following restrictions:

- They may not be taken to raise a grade, remove a final grade of “F” or replace an Incomplete (“I”).
- They may not be taken before a student is officially admitted to SWIC.
- They may not be taken more than once for the same course.
- They may not be taken for a course that is below the level of previously completed coursework.
- They may not be taken for a course which a student has previously audited or in which a student has been enrolled.
- Seminars may not be used as a basis of proficiency examinations or credit.
- They may not be taken prior to receiving written consent from the appropriate instructor, dean and the chief academic officer.
- They may not be taken prior to receipt of the nonrefundable fee.

It is the student’s responsibility to check with transfer institutions regarding transferability of proficiency credit.

Graduation Requirements:

Degrees are awarded at the end of each academic term (fall, spring and summer). Application deadlines are set by Enrollment Services. Go to swic.edu/grad-info for specific deadlines and instructions.

Application for Graduation:

You must apply for a degree through the Enrollment Services office by completing a Graduation Application or through eSTORM services. You will be notified via your SWIC student email account regarding your degree status.

Commencement:

Students who have applied for graduation and completed requirements for a degree during the spring term, as well as graduates from the previous summer and fall terms, will be invited to participate in the graduation ceremony which is held once a year in May. The specific date of the ceremony is listed on the college calendar. Students must submit a graduation application even if they choose not to participate in the ceremony.

Commencement Honors:

At the annual graduation ceremony held each spring, students who have achieved a cumulative grade point average of 3.5 or higher will be eligible to wear a blue tassel, which represents the achievement of honors. This achievement is determined by the cumulative grade point average through the fall term. Spring grades do not affect commencement honor status.

Certificates

Students at Southwestern Illinois College can earn certificates in a variety of occupational programs. Certificates are automatically awarded at the end of the term for students who have completed the following:

- Complete all certificate requirements as outlined in the Career Programs section of the college catalog (blue pages).
- Complete a minimum of 25 percent of the required semester credits through courses offered by Southwestern Illinois College. Consent of the program coordinator/department head, dean and chief academic officer is necessary for any variance from this requirement.
- Achieve a minimum of a 2.0 cumulative grade point average in courses required for the certificate.
- Certificates will be mailed to the student’s permanent address of record approximately four weeks after the end of the term.

College Transcripts:

You may request an official transcript through the National Student Clearinghouse transcript ordering system or through the Enrollment Services office. Information and links regarding specific transcript ordering steps can be found at swic.edu/transcripts. Official transcript orders will have a \$6.40 charge for each copy requested. You may view and print unofficial transcripts from eSTORM services. Processing takes about 3-5 business days. SWIC reserves the right to withhold transcripts from students who are in debt to the institution.

Transfer Credit:

Students who have completed college coursework with a grade of “D” or better through a regionally accredited institution may submit a request to have the credit evaluated toward a degree/certificate at Southwestern Illinois College. Some programs and course requisites

may require courses to be completed with a grade of “C” or better. Some career/occupational programs may accept credit from other career/technical institutions. Transfer credit grades are not included in the cumulative grade point average.

Transferring Coursework:

A New Student Information form must be submitted prior to requesting an evaluation of transfer credit. Students must see an academic advisor to declare their official program/plan. To ensure an evaluation of credit, a Transfer Credit Evaluation Request form must be completed and submitted to Enrollment Services. An official transcript must be received from each institution where the credit was earned. Electronic transcripts submitted through Credentials eScrip-Safe, Parchment, Joint Service Transcripts (JST) and National Student Clearinghouse are accepted. Electronic transcripts can also be sent to records@swic.edu directly from the institution. If a transcript is received through this account from a student, it will not be considered official.

Hand-carried transcripts will be accepted as official only if brought in a sealed envelope from the issuing institution.

Once received by SWIC, transcripts will not be released to third parties or returned to students either in original or copy form. Upon receipt of all transcripts and the transfer credit evaluation form, credit will be evaluated toward the student’s current degree or certificate program and applied to their SWIC transcript. Students should check their “To Do List” in eSTORM for their evaluation status. Students may track their degree progress by selecting the degree progress link under Academic History in their Student Center on eSTORM.

To submit your Transfer Credit Evaluation Request form online, log into eSTORM and select the Transfer Credit Evaluation link found in other academic drop down under Academics in your Student Center. Please refer to the International Students section for information on the F-1 Student Visa Admissions Requirements.

Illinois Articulation Initiative (IAI):

The Illinois Articulation Initiative facilitates the transfer of students from one Illinois institution to another. Both a general education core curriculum and a lower-division major recommendation course listing have been developed.

If you are looking for assistance on how your courses will transfer to SWIC or for a list of all of our Illinois Articulation Initiative general education courses, visit www.itransfer.org/.

International Transcripts:

Students who have attended an international institution should submit an official transcript report in English from one of the following services: ECE/ Education Credential Evaluators or WES/World Education Services. More information can be found at www.ece.org or www.wes.org. SWIC will utilize the report as a guideline for the evaluation of course credit and reserves the right to award appropriate credit. Additional information, such as course descriptions may be requested to determine the appropriate equivalency.

Family Educational Rights and Privacy Act (FERPA) *Notification of Rights under FERPA for Postsecondary Institutions*
The Family Educational Rights and Privacy Act (20 U.S.C. § 1232g; CFR Part 99) affords students certain rights with respect to their education records. These rights include:

1. The right to inspect and review the student’s education records within 45 days of the day the college receives a request for access.

A student should submit to the Enrollment Services office a written request that identifies the record(s) the student wishes to inspect. The college official will make arrangements for access and notify the student of the time and place where the records may be inspected.

If the records are not maintained by the college official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

2. The right to request the amendment of the student’s education records that the student believes are inaccurate, misleading or otherwise in violation of the student’s privacy rights under FERPA. A student who wishes to ask the college to amend a record should write the college official responsible for the record, clearly identify the part of the record the student wants changed and specify why it should be changed.

If the college decides not to amend the record as requested, the college will notify the student in writing of the decision and the student’s right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to provide written consent before the

college discloses personally identifiable information from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

The college discloses education records without a student's prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official is a person employed by the college in an administrative, supervisory, academic or research, or support staff position (including Public Safety unit personnel); a person or company with whom the college has contracted as its agent to provide a service instead of using college employees or officials (such as an attorney, auditor or collection agent); or a person serving on the Board of Trustees.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the college.

Upon request, the college also discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the college to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Ave., SW
Washington, D.C. 20202-5901
202-260-3887 – Telephone
202-260-9001 – Fax
ferpa@ed.gov – Email

Any student who has reason to believe that Southwestern Illinois College is not complying with the act or this policy should inform the Director of Advising, Enrollment, and Records or designee in writing (Belleville Campus Information Sciences Building, Room 1115), 618-235-2700, ext. 5314.

Public Notification of Directory Information

At its discretion, Southwestern Illinois College may provide "directory information" in accordance with the provisions of the Family Educational Rights and Privacy Act of 1974 (FERPA). Directory information is

defined as that information which would not generally be considered harmful or an invasion of privacy if disclosed.

Designated directory information at SWIC includes the following: full name, Enrollment Status(Full-time/Part-time), Dates of Attendance, Honor Roll Status, Degree(s) Conferred, Athletic Participation. Students may block the public disclosure of directory information by submitting a Request to Prevent Disclosure of Directory Information form to the Enrollment Services office. This request will stay on file until a request has been submitted by the student in writing to have it removed. SWIC retains the right to exercise discretion in determining the release of directory information.

Please consider very carefully the consequences of a decision to withhold directory information. A non-disclosure block will call for Southwestern Illinois College not to release any of this "directory information;" thus, any future requests for such information from non-institutional persons or organizations will be refused.

By law, Southwestern Illinois College is required to release student information to certain parties such as military personnel and court officials. The college will comply when a specific request has been made in writing.

We want the SWIC experiences for students, college employees and visitors to be safe and pleasant.

The department emphasizes preventing crimes and violations of policy, and provides numerous services to the college community. However, all duties related to the enforcement of SWIC Student Conduct Code and Illinois Criminal and Traffic Codes are the responsibility of the Department of Public Safety. The college receives law enforcement support from the respective municipal and county law enforcement agencies in whose jurisdictions the campuses are located. Department of Public Safety maintains a cooperative relationship with supporting local, state and federal public safety agencies.

The Department of Public Safety has officers on the Belleville and Sam Wolf Granite City campuses 24/7.

Authority:

Designated positions within the department are sworn police officer positions with full police powers to include arrest and duty responsibilities in accordance with Illinois Compiled Statute (ILCS) 50, Act 705.

All other officers possess arrest authority and duty responsibilities in accordance with ILCS 110, Act 805 and the SWIC Board of Trustees Policies.

Campus Security Policies and Crime Statistics/Fire Safety Report:

Pursuant to the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, previously known as the Federal Student Right-to-Know and Campus Security Act of 1990, the Department of Public Safety publishes and distributes an annual Campus Security Report and Fire Safety Report by Oct. 1 of each year. The CSR/FSR lists the campus crime statistics, on campus and surrounding public property, and non-campus facilities, for the previous three years; for example, the October 2021 report covers the years of 2020, 2019 and 2018.

The CSR/FSR also outlines the Department of Public Safety's authority, security policies, procedures for reporting crime, procedures for reporting sexual assaults/sex offenses, Title IX complaints, follow-up services, counseling and treatment services, crime prevention programs, accessibility of campus facilities and Substance Abuse (Drug and Alcohol) Policy, and 2008 revisions of the Higher Education Opportunity Act with specific additions to hate crime reporting and emergency response and evacuation procedures, missing student notification and fire safety issues for institutions that maintain an on-campus student housing facility, and the Violence Against Women Reauthorization Act of 2013 amendments to the Clery Act, specifically addressing domestic violence, dating violence and stalking.

The annual CSR/FSR can be accessed via the SWIC website at, swic.edu/students/public-safety/campus-security-reports or a copy of the CSR/FSR can be obtained by contacting the Department of Public Safety at 618-235-2700, ext. 5221, or writing the director of Public Safety, 2500 Carlyle Ave., Belleville, IL 62221

The key to crime prevention in the SWIC community is a continuous, active role taken by you regarding your personal property and college property entrusted to your care. A student against whom (the respondent) an order of protection has been issued by a court may be subject to removal from classes to assure compliance with the order.

Possible Sanctions for Violations of Student Conduct of Code:

Sanctions for academic dishonesty or for behavior disruptive to the educational process may be imposed by faculty members in their instructional role. Sanctions for academic dishonesty include a failing grade on an individual assignment, examination or course. Serious matters of academic dishonesty or disruptive behavior may cause the student to be withdrawn from the instructor's course or a program of study. A student found to have violated the Student Conduct Code may be denied access to certain courses or programs, including the loss of internship privileges, needed to complete a program of study.

The Chief Student Services Officer or designee may impose the following sanctions upon students found to have violated the Student Conduct Code:

- **Disciplinary Reprimand:** An oral conference or written reprimand noting the seriousness of the violation of the Student Conduct of Code.
- **Probation:** A status for a specific period of time which places the student on notice that further misconduct may result in more serious penalty.
- **Social Probation:** Probationary status that also restricts the student from specified activities, equipment or facilities.
- **No Contact Order:** May be issued to prohibit making contact with (staying away from) the victim/complainant, to include no physical or nonphysical contact whether direct or indirect (including but not limited to, telephone calls, text messages, mail, email, faxes, written notes or through other electronic means [social media], or through third parties who may know or may not know about the restriction).
- **Suspension:** Involuntary separation from the college for a stated period of time or until stated conditions are met. Days on suspension are unexcused absences from class.
- **Expulsion:** Permanent removal from SWIC.
- **Assessment for Restitution:** Payment for restoration of property or to resolve financial obligations to the college. Failure to pay assessed amounts will prevent the student from obtaining records and registering for classes.
- **Separations or Restrictions:** A student may be separated or restricted from enrollments on a temporary basis pending the completion of proceedings relevant to the Student Conduct Code. Students will be so notified.

Sexual assault (sexual violence) is a violation of federal, state and local law, and SWIC policy. Therefore, criminal sanctions by the criminal justice system and administrative sanctions by the college may be imposed. Guidelines for proceedings are available in the office of the Title IX co-coordinator.

Disciplinary Proceedings:

A student who is accused of violating the Student Conduct Code will be referred to the Chief Student Services Officer or designee, who will determine whether the student is guilty of the violation. If the student is found guilty using a weight/preponderance of the evidence, the Chief Student Services Officer will impose appropriate sanctions. The student will be

notified in writing of the decision. Written response will normally be made to the student within 5 school days unless circumstances require additional time for consideration.

If the student disagrees with the action taken, they may request an appeal hearing before the Hearing Board Committee within 10 school days from the time the notification is received. The request for a hearing must be sent to the Chief Student Services Officer in writing. If the Chair of the Hearing Board approves a formal hearing, the hearing date will be set by the chair of the Hearing Board Committee no later than 45 school days from the written sanction.

If a hearing is granted, each appeal will be heard by a panel of the Hearing Board Committee comprised of at least three administrators appointed by the college president.

The Hearing Board Committee hearing should be informal and non-adversarial in nature, with rules of evidence and civil procedure not strictly applying. The hearing should be conducted much as an arbitration would be handled involving personnel decisions under administrative proceedings. The Chief Student Services Officer or designee and the student should be allowed to present any testimony or documents, and such evidence will be given whatever weight it is due. All documents used by the Chief Student Services Officer or designee to impose sanctions should be made available to each Hearing Board Committee member and the student prior to the hearing. A transcript should be taken of the hearing.

The written decision of the Hearing Board Committee will be communicated to the student and Chief Student Services Officer or designee. The Hearing Board Committee is the final authority on the matter.

These procedures are intended to serve as general guidelines and substantial compliance with them will be considered to meet the requirements of the process.

SWIC's policy provides that:

- The accuser and the accused student each have the opportunity to attend a hearing before a properly trained hearing board that protects the safety of victims and promotes accountability;
- The accuser and the accused will have timely notice for meetings at which the accuser or accused, or both, may be present;

- The institution will allow for timely access to the accuser, the accused and appropriate officials to any information that will be used after the fact-finding investigation but during formal and informal disciplinary meetings and hearings;
- The institutional disciplinary procedures will not be conducted by officials who have a conflict of interest or bias for or against the accuser or the accused;
- The institution provides the accuser and accused the same opportunities to have others present during an institutional disciplinary proceeding. The accuser and the accused student each has the opportunity to be advised by a personal advisor of their choice, at their expense, at any stage of the process and to be accompanied by that advisor at any meeting or proceeding; however, the institution may establish restrictions regarding the extent which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties;
- Decision is based on the preponderance of evidence standard, i.e. “more likely than not to have occurred” standard;
- The accuser and the accused will be notified simultaneously in writing of the results of any disciplinary proceeding, as well as any changes to those results or disciplinary actions prior to the time that such results become final; and
- The accuser and the accused each have the right to appeal the outcome of the hearing as described previously and will be notified simultaneously in writing, of any change to the result prior to the time that it becomes final and of the final result after the appeal is resolved.

Student Grievance Procedures:

Student grievances may involve academic matters, administrative matters or discrimination. When a student has a complaint involving academic matters, to include grading concerns, they should first consult with the instructor to whom the concern applies. Every attempt should be made to resolve the concern on an informal basis. If no resolution is reached, the student should then proceed through the following chain of command: Department Chairperson/Coordinator, Department or Division’s Dean, Chief Academic Officer.

When a student has a complaint involving

administrative matters, the student should attempt to resolve the complaint on an informal basis by consulting with the responsible administrator. If no resolution is reached, the student should then proceed through the following chain of command: Department Associate Director, Director, or Chief Student Services Officer.

A complaint becomes a formal grievance when it is submitted in writing by the complainant. Grievances should be submitted in writing at each level of authority within 10 school days of the action being grieved or within 10 school days of the decision being appealed. Written response normally will be made to the grievant/student within 15 school days unless circumstances require additional time for consideration. Grievances may not be appealed to the SWIC Board of Trustees.

Grade appeals are considered a special category of student grievance. A student who wishes to appeal a grade must contact his or her instructor within 30 calendar days after the start of the regular semester (fall, spring or summer) following the recording of the disputed grade. If the student is not satisfied with the instructor’s response, then they must contact the relevant department chair/coordinator in writing within the following 10 school days. If an instructor is unavailable because, for example, they are away from campus for the summer, then the student must submit their grade appeal to the relevant department chair/coordinator or dean within the 30-day time period.

Grievances involving discrimination based on the person’s race, color, religion, sex (including pregnancy, gender identity, gender expression, gender transition, transgender status, gender nonconformity, or sexual orientation), national origin, age, disability or genetic information or veteran status should be made to the Chief Student Services Officer/Title IX Coordinator, who will handle the grievance. Specific college processes exist in conformance with state and federal statutes governing such case.

Emergency Procedures:

Emergency procedures are posted in classrooms and hallways. In case of emergencies, follow instructions given by Public Safety and/or emergency response personnel, and do not re-enter the building until directed to do so. Emergency response guides are posted at swic.edu/emergency-plans.

Timely Warnings:

In the event a crime is reported on campus or in a building or property that the institution owns or controls and is using for educational purposes, that, in the judgment of the director of Public Safety, or designee, constitutes a serious or ongoing threat to the community, a campus wide "timely warning notice" will be issued. Timely warning notices are typically issued for the following Uniform Crime Reporting Program/National Incident Based Reporting System classifications: arson, criminal homicide and robbery.

Incidents of aggravated assault and sex offenses are considered on a case-by-case basis, depending on the facts of the case and the information known by Public Safety. Tips and warnings may be issued via SWIC Alert email or text message, student swic.edu email accounts, fliers posted around building entrances or

college bulletin boards.

Emergency Notification:

If Public Safety or another local agency confirms that there is an emergency or dangerous situation that poses an immediate threat to the health or safety of some or all members of the SWIC community, the college will immediately notify the campus community. In the event of a serious incident which poses an immediate threat to members of the campus community, the college has various systems in place for communicating information quickly to those individuals including, but not limited to, SWIC Alert emails and/or text messages, swic.edu email accounts, swic.edu webpage, intercom speakers. Some or all of these methods of communication may be activated in the event of an immediate threat to the health and safety of the members of the SWIC campus communities, as appropriate.

Any student who has a communicable disease or who is a carrier of a communicable disease may attend the college and participate in programs and activities whenever, through reasonable accommodation and according to available medical knowledge, there is no

significant risk of transmission of the disease to others.

Any student who has a communicable disease or who is a carrier of a communicable disease may be denied admission to, or may be dismissed from, a particular program or course of study whenever such communicable disease has a direct effect on the student's ability to perform so as to render the student not qualified for the program or course of study.

No other person who has a communicable disease or who is a carrier of a communicable disease shall be denied the use of college facilities or services whenever, through reasonable accommodation, there is no significant risk of transmission of the disease to others. Questions concerning this policy should be referred to the Chief Student Services Officer.

Smoking and the use of tobacco products – to include smokeless, e-cigarettes or other devices that simulate visual, sensory and behavioral aspects of smoking in all college-owned, rented or leased properties (to include parking lots) and vehicles is prohibited; personal vehicles parked on campus are exempt from this policy. For details and smoking cessation information, visit swic.edu/tobacco-free.

Off-Campus Sites:

Smoking and tobacco product use policies are established by local school districts for their respective extension center facilities. Local extension center coordinators provide this information to SWIC students each semester.

Sexual Assault Awareness/Violence Against Women Act:

A short online training program that provides information about sexual assault, domestic and dating violence awareness and stalking is available to all students, staff and faculty. Access the training through your eSTORM Student Center. Look for the online training – consisting of four modules (Bystander Intervention, Forming Healthy Relationships, Sexual Assault and Stalking) – under the Main Menu. Substance Abuse and Assistance

SWIC Cares About You:

SWIC is dedicated to providing a healthy and safe environment for students, employees and visitors. The college recognizes drug and alcohol abuse as debilitating illnesses affecting a person's physical, mental and emotional well being. Substance abuse impairs both class and work performance. As a result of the unhealthy and unsafe effects of drug and alcohol abuse, SWIC believes the unlawful possession and use of illicit drugs and consumption of alcohol by underage individuals is both harmful and illegal. SWIC is providing the following information to its students so that they may become aware of the health-related

and legal problems associated with alcohol and other drug abuse. The college's wellness advocates offer assistance, information and referral for students experiencing difficulty with substance abuse.

SWIC is committed to providing an environment that allows all members of the college community to reach their highest potential.

Substance Abuse Counseling and Treatment:

The college's Wellness Advocates provide alcohol and other drug abuse information. Free confidential counseling is also available to assist students and, if requested, referral is made to professional treatment programs or community support groups.

Substance Abuse (Drug and Alcohol) Policy:

Any employee, student or visitor at SWIC shall not possess or use any illegal or controlled drug or substance in either refined or crude form except under the direction of a licensed physician. Medical cannabis may not be possessed or used on college property or in any college vehicle. The state of Illinois legalized the recreational use of cannabis effective January 1, 2020; however, it is still a federal offense to possess or use any amount of cannabis. Since SWIC is an Institution of Higher Education which receives federal funding, it is still illegal to use or possess cannabis on any SWIC campus or property.

SWIC is cognizant of the ever-increasing abuse of legal prescription and over-the-counter drugs amongst students of all ages.

Those who violate any provision of federal or state law pertaining to the manufacture, possession, purchase, sale or use of licit or illicit drugs on college property will be referred to the appropriate civil authority. Since the college possesses an interest in violations, employees or students also may be subject to college disciplinary action based upon current policies.

Possession and use of intoxicants in public areas on the college campuses are prohibited. Irresponsible behavior attributed to the influence of intoxicants is not condoned and will be subject to actions by civil authorities and the college based upon current policies. Compliance with this policy is mandatory.

Alcohol Policy:

Possession, sale and use of intoxicants on the college campuses is prohibited, except as permitted under Board of Trustees Policy 7015/Administrative Policy, as amended. Irresponsible behavior, attributed to the influence of intoxicants, to include underage drinking, is not condoned. The behavior will be subject to actions by civil authorities and the college, based upon current policies.
